

Quester products/price lists - 01 January 2009

OLfolders

(Price list for end user: License fees / noncommittal price recommendation)

Note: For an OLfolders network you will need our server application 'OLfoldersServer' and on each work station the client software.

OLfolders requires one license code for each client which accessing the server at the same time. The server itself does not need a license code. Our server application can be installed either on any work station or on a dedicated server computer.

Peer-to-Peer network: For example in order to share Outlook between [5] computers, you need [4] license codes, because one of the [5] computers will act additionally as server application. The 'server' computer can be installed on one or several workstations in your network. – 'Order Article 10400'.

Client-Server network: For example in order to share Outlook between [5] computers, you need [5] license codes, because one dedicated server computer (incl. Microsoft Outlook) will act for our server application 'OLfoldersServer' and need also no license code. – 'Order Article 10500'.

***1 - Network extension:** In order to extend your existing network. You will need additional license(s) from 2 users upward. Order 'Article 10000' for each further user (Client) in your network.
